DESTINATION PEACE

GUEST PRESENTER:

**MARION BLUMENTHAL LAZAN**

Marion Blumenthal Lazan, author of *Four Perfect Pebbles*, has been speaking publicly about her Holocaust experience for decades.

Over one million students and adults in 41 states and 5 countries have personally heard her story, and important universal messages. Her story is one of determination, perseverance, faith, and above all, hope.

Many awards have come her way, but the ultimate event was the naming of a high school in Germany in her honor – the Marion Blumenthal Oberschule Hoya.

She will be speaking to us knowing that today's generation will be the last to hear first-hand accounts of that dark time in our history.
